

The Power of Friends

The Friends of the Cayce Public Safety Foundation is a community of donors who believe our police and firefighters should have the tools and safety gear they depend on to save lives and the resources to create community changing outreach programs.

When you join the Friends of CPSF, you become part of the CPSF family and directly empower the Foundation to do everything possible to fulfill Cayce Police and Fire needs that arise year-round.

Membership includes a host of insider benefits and unique experiences that bring you closer to the Cayce Police and Fire Departments. You will be considered a charter member if you join the Friends of the CPSF before December 31, 2024.

WHY YOUR SUPPORT MATTERS

Like most police and fire departments across the country, the majority of the departments' budgets goes towards personnel costs, leaving only a small portion to cover the cost of essential equipment, new technology, and training and outreach programs.

Your support helps fund unanticipated needs, new outreach programs and a significant portion of the K9 unit expenses. Since 2010, the CPSF has provided over \$250,000 in support for the Cayce Police and Fire Departments.
